Parodies and Lampshades

One of the variant covers for Secret Wars focuses almost entirely on characters who either have had or are getting their own movies, MCU or otherwise. The only exceptions are Miles Morales, the female Thor both of whom got a bunch of publicity in their own rights and Namor. A stated goal of the All-New, All-Different Marvel books is to avert this ema cover letter variation it comes to team books. The general rule is that a character can only regularly appear in one team book and their own ongoing.

However, Marvel has said this was an oversight on their part and have reduced Carol to a guest character in future A-Force issues. A bizarre example was Models, Inc. While Gunn does appear in the series, it's only in one issue in a comedic backup story. Likewise, Iron Man doesn't appear at all, even though his armor does show up in the aforementioned short story. The actual main characters were regulated to the back cover.

Marvel began similarly pushing Black Panther very heavily ema cover letter variation his movie unexpectedly became a monstrous hit at the box office. The cover for the collected edition of the Spider-Man mini-series Spidey: School's Out

features a large image of Black Panther, even though he only plays a [essay on role of media in today's life](#) role.

Like Wolverine, there are a few reasons for his constant cameos: He slides into any story quite easily; between his Comically Serious nature, his Detective skills, and his ability to fight and sneak, he can show up in any story involving either crime or superpowers, and have an obvious role to fill.

- She also appeared alongside Hawkeye in the aforementioned Iron Man anime feature.
- While Gunn does appear in the series, it's only in one issue in a comedic backup story.
- Rocket shows up out of nowhere in the latter half of the series to rescue Gamora and the other heroes after they are left stranded by the Winter Soldier , and then travels with them to confront Nick Fury.
- She only has one line in the movie, is not a focus character in the ensemble action, and only pops up a handful of times.
- Additionally, the TV spots spoiled The Falcon 's cameo in the movie, and even made sure to include the scene where Luis excitedly points out that Falcon is one of the Avengers, just in case there was anyone left in the audience who didn't realize the movie takes place in the same universe as the Avengers flicks.
- His scene doesn't really advance the plot not that Back to the Beach had much plot to begin with, anyway , and seems to have been included only because Pee-wee's portrayer, Paul Reubens , was one of the biggest stars in the world at the time.
- Another TV spot took this even further by using recycled footage from Thor:
- Based on marketing, you would think Drew Barrymore was the main character of *Scream* , when in reality her character dies several minutes into the movie.

Batman's already well known for being an in-and-out operator so having him show up for only a page or two and leave when he's no longer needed is entirely within his character. He's usually either the 1 or 2 most popular character at DC at any given time.

He's got a very large supporting cast who have their own ema covers letter variation, requiring he frequently cameo in [writing a comparison essay](#) for subtly obvious reasons.

He's got a lot of research and development ema cover letter variation, which makes him a logical port of call for any story requiring a «hero consults with other heroes about something» scene, if that something involves Gotham City, crime in general, martial arts, or countering superpowers.

He's innately suspicious of other heroes, is very sneaky, and always tries to have [Critical thinking questions in maths](#) suspicious.

DC's former policy regarding the two was actually an inversion, as they ema cover letter variation kept away from other titles and even off the covers of Justice League of America, which they actually appeared in regularly to prevent them from ema cover letter variation overexposed.

In a rather surprising aversion of this, Simon Dark, a series set in Gotham City, went more than a year without an appearance by the Bat. Tim Drake, who appeared in his own title Batman and Teen Titans.

This was lampshaded ema cover letter variation when he was helping Batman on a case. Batman reminded him that he had to be on a plane to San Francisco that night, and that he should honor his commitments. Robin still appeared for the rest of the arc, and this would also imply that the [application letter student teacher](#) with Robin Damian Wayne who appeared in Batgirl and a bunch of other titles shortly after Final Crisis.
