Where To Buy Januvia Generic

Rating 4.5 stars, based on 392 comments

Short description

×

Januvia is used to decrease blood glucose level in patients with type 2 (non-insulindependent) diabetes mellitus when exercise and diet alone don't give satisfactory results. Januvia enhances the production of insulin and decreases the amount of glucose in the blood that rises after meals. The medication is best suited for use in patients over 18 years of age. Read more
