**BUY NOW**

### Short description

Zithromax is the first-class medication indicated for the treatment of bacterial infections, including middle ear infections, strep throat, pneumonia, traveler's diarrhea, and some other intestinal infections. The medicine is also useful in sexually transmitted infections and various skin infections. Zithromax successfully kills bacteria caused by Mycobacterium avium complex (MAC) infections in people with immunodeficiency. The drug is appropriate for use in both children and adults.
