### Short description

Cialis Super Active is an effective anti-impotence medication produced in the form of gelatin pills. Cialis Super Active relaxes the smooth muscles present in the wall of blood vessels and helps in increasing the flow of blood in some specific regions of the body. Due to the newest formulation Cialis Super Active gets into the blood in 20 minutes after its oral intake and remains active up to 36 hours. It is used for the treatment of erection disorders, prostate gland enlargement and pulmonary hypertension (high blood pressure of blood vessels connecting the lungs and the heart). [Read more](#)
